“I’ve used COSMEDIX personally and professionally for many years. It gives me great confidence to work with products that not only feel great on the skin but actually stimulate positive changes on every face I touch.”

Ryan Christopher, GLOBAL EDUCATION DIRECTOR

WHO IS COSMEDIX?

COSMEDIX was founded by skincare professionals and has been at the forefront of botanical skin care technology since the beginning. Our goal is always to create a healthy relationship with the skin by combining the finest **plant-based ingredients with Nobel prize-winning chemistry** to synergistically work with the skin to correct some of the most troublesome concerns. Our products are gentle yet effective, free of synthetic dyes, fragrances and parabens and always cruelty-free. Prolonged healing and discomfort shouldn't be the cost one pays for beautiful skin. Providing solutions that improve the skin without hindering your client's lifestyle: It's a promise we renew every day.

4 PILLARS OF FORMULATION

The chemistry may be complex, but the concept is simple: to give you the strongest, most effective tools to help your client's skin look and feel its best. Our continued innovation and groundbreaking success comes from focused attention to our ingredient standards and four pillars of formulation.

 **INTELLIGENT EXFOLIATION** allows our active ingredients to penetrate the skin for maximum efficacy.

 **BOTANICAL INGREDIENTS** create cleaner formulations.

 **SKIN MATRIX SUPPORT** provides the building blocks for cell rejuvenation and skin restoration.

 **CHIRAL CORRECTION** creates a partnership with the skin to reduce irritation ensuring desired results.

COSMEDIX ELITE—NEXT LEVEL SKINCARE

COSMEDIX ELITE is a comprehensive skin care system designed to enhance advanced clinical treatments allowing physicians and aestheticians to minimize procedure side-effects while maximizing results. Featuring even higher-level active ingredients than the main COSMEDIX line, clients experience dramatic changes in the skin without a prescription.

The ELITE system is comprised of nine specialty products and three medical-grade peels that address common skin concerns like acne, hyperpigmentation, collagen loss, and more. Pre- and post-procedure protocols are provided so that clients can experience the best results with minimal irritation and minimized downtime.

THE POWER OF METABOLIC PEELS & HOME CARE

We discovered a far more effective way to peel back rough, blemished and aging skin without harsh chemicals that can damage the skin, contribute to “inflammaging” and require extensive downtime.

COSMEDIX’s revolutionary approach is found in our metabolic peels made of chirally correct botanical ingredients and potent actives. They tell the skin to peel by working holistically to help stimulate the skin’s natural renewal process instead of forcing it into submission. Our peels help repair the skin’s barrier function with the use of purified alpha hydroxy acids, proprietary encapsulated Retinol, Nobel Prize-winning chemistry as well as utilizing a complex blend of antioxidants and anti-inflammatory ingredients. This revolutionary approach helps you minimize shock to your client’s skin and the risk of adverse side effects.

Complemented by COSMEDIX’s gentle yet effective home care, your clients can help prep, protect and maintain their results between treatments.

THREE LEVELS TO OUR METABOLIC TREATMENTS:

1

LEVEL 1 PEELS

Perfect for those who are new to the treatment experience, who have never used retinols in their regimens, or those who just want to look radiant and refreshed.

2

PEELS WITH RETINOL

Perfect those looking for boosted results and a deeper exfoliation.

3

LEVEL 2 PEELS

Perfect for those with specific skin concerns such as acne, hyperpigmentation, fine lines and wrinkles, and more.
